FOR RICHMOND
AND NORTHALLERTON

WHAT I BELIEVE IN

>>> SECURE BORDERS

A government's most sacred duty is to defend the homeland. *Zero* tolerance on illegal immigration.

>>> GOVERNMENT FISCAL RESPONSIBILITY

Get a grip on the public finances and cut waste, so money can be invested in essential services.

>>> REDUCED TAXATION

FOR BUSINESSES & INDIVIDUALS

Cut Corporation Tax immediately to 20%, then to 15% as soon as practically possible. Increase Personal Allowance to £20k.

>>> END GENDER MADNESS

Defend women's spaces, and sports. Protect our kids from dangerous gender activism.

SERVING MY **COUNTRY**
SERVING MY **COMMUNITY**
SERVING **YOU**

WHY AM I STANDING?

I served for 22 years in the British Army as a Radar Technician in The Royal Electrical and Mechanical Engineers. I was born and grew up in Yorkshire, and have travelled extensively during my military service. I served a tour in Iraq and two tours in Afghanistan.

Now I live with my wife and young family in Catterick. I achieved a comfortable life for myself and my family, but looking around, I see it's becoming harder and harder to do that. The engine of social mobility has stalled. Opportunity and optimism are dwindling, as we stray further and further from the values that allowed our national success story to be written.

As someone who believed in our great country enough to enlist and fight for it, I look around at the state of our nation today and I grieve for what our current political establishment have done to it.

**I never wanted to be in politics.
But I won't stand by and watch as our country veers so far off course.
I'm doing this for my family, and for my friends and for my neighbours.
I'm doing this for our country, for our future, and for you.**

**No-one is coming to save us — it's time for 'WE THE PEOPLE' to step up
and take the wheel, guiding our ship back to course.**

I HOPE OTHERS WILL JOIN ME. IT BEGINS WITH REFORM.

LEE'S PRIORITIES

**FOR RICHMOND, CATTERICK, NORTHALLERTON,
STOKESLEY, GREAT AYTON AND NEARBY TOWNS
AND VILLAGES**

LOCAL HEALTHCARE

No 'ifs'. No 'buts'. The Northallerton Friarage must be protected at all costs. This is a red line for me.

LOCAL BUSINESSES

Businesses create our wealth and jobs. I will fight tirelessly to defend their interests, and to support our high streets and our local tourism industry.

LOCAL FARMING

Our region employs thousands of people in the farming and agricultural sector. I will work with local farmers and environmental groups, including those committed to keeping our waterways clean and pollution-free.

A VISION FOR OUR YOUTH

Our young people are our future, but many are despondent and lost. I found purpose and joy in my life through service and teamwork. I will work with local charities and businesses to create a network of local youth groups for our young people to meet, and build constructive projects that give back to the community. Further, Reform's national tax and housing policies will help the young to get a footing, and start to build productive, resilient and happy lives for themselves.

WANT CHANGE? THEN VOTE FOR IT.

14 YEARS OF TORY RULE. WHAT HAVE WE GOT TO SHOW FOR IT?

Taxes at record highs, yet nothing works.
Our country is more divided than ever.
Record low-skilled legal *and* illegal immigration.
Young people are unable to buy homes and
develop their lives. Five million unemployed;
more than seven million on NHS waiting lists.
Rising crime, homelessness and despair.

And *potholes*.

THE TORIES HAVE BETRAYED
US OVER AND OVER.

AND SADLY, EVERYTHING
WE'RE FURIOUS WITH THEM
ABOUT... LABOUR WOULD DO
MORE OF THE SAME.

THESE PARTIES HAVE
NOTHING LEFT TO OFFER US.

IT'S TIME TO TAKE
A NEW PATH.

THAT JOURNEY
BEGINS WITH
REFORM

**BRITAIN
NEEDS
REFORM**

**LABOUR & THE TORIES
HAVE IGNORED OUR
VOICES FOR TOO LONG.**

**NO MORE.
ON JULY 4TH**

WE WILL ROAR!
